18 Lincoln Street Examination

Arrival Date/Time: January 5, 2021 at 6:10 p.m.

Observations and testing:

Eighteen Lincoln Street consisted of a building with businesses/shops on the first floor and apartments on the second and third floors. The third floor contained Apartment 3 and Apartment 4. Apartment 4 consisted of a one bedroom apartment with a bathroom, kitchen, living room and a rear porch. A rear porch was also observed for Apartment 3. A wooden box, a black briefcase and a step ladder were observed against the rear porch door of Apartment 3, obstructing the entrance/exit. Red-brown stains (A) were observed on the floor of the third floor hallway adjacent to the rear stairs and the porches. Red-brown stains (B) were also observed on the floor/wall of this hallway near the main door to Apartment 4. Additional red-brown stains were observed on the third floor hallway. Ballistic evidence was observed (placards 4 thru 17) in the third floor hallway and also in Apartment 4. Additional ballistic evidence (placard 3) was noted on the hallway of the second floor. Additional red-brown stains were observed extending between the third floor to the front entrance on the first floor, including red-brown stains (placard 2) on the second floor landing and red-brown stains (placard 1) on the first floor near the stairs.

A screening test for the presence of blood was positive on the following:

- Red-brown stains A - floor of the third floor hallway adjacent to the rear stairs
- Red-brown stains B - floor/wall of third floor hallway near the main door to Apartment 4
