NARRATIVE I observed this male (Perez) quickly moving down the stairs holding two knives: a butcher knife in his left hand and a common kitchen knife in his right. I also observed blood on his hands which led this officer to believe that there could be victims inside the apartment. I pointed my firearm at Perez and made loud, verbal commands for him to stop and to immediately drop the knives. Perez continued walking down the stairs and stated "no, no, no". I again commanded Perez to stop his movement as he was continuing down the stairs while shaking his head and still saying "no". Once Perez made it to the bottom of the stairs I gave another command to drop the knives as my firearm was pointed at his chest. Perez was still advancing forward towards us while making eye contact, and again I gave another command to stop and to drop the knives. Perez shooked his head and made verbal statements and continued forward at a faster pace and raising his hands, both still holding the knives. The close distance between these officers and Perez was approximately 6-8 feet. In fearing for my life as well as Officer Rojas', and the possibility of victims inside the apartment and being that Perez was within 6-8 feet from these officers, I could not have taken quick enough steps to my rear or to my right out of his attacking range without knowing Officer Rojas would do the same and with no other options, I shot a round from my firearm aiming center mass to stop Perez. I also heard simultaneous gunshots coming from Officer Rojas who was directly to my left.

Perez did not stop immediately and was still standing after several seconds; he subsequently made a right-hand turn as he was dropping to the floor, still holding the knives. Once Perez was on the ground in a prone position facing away from us, I observed Perez still moving with his right hand holding the kitchen knife. I observed that he had let go of the butcher knife which was in his left hand but was still within reach. I then observed Perez still moving his right hand and clenching and unclenching the knife. I commanded Perez to let go of the knife and to show his hands free of any weapons. After several seconds of not complying, a decision was made by these officers to grab Perez by his feet and pull him away from the knives. At this point Officer Gonsalves responded and assisted. I was covering for Officer Rojas while he was pulling Perez away from the weapons. I observed Perez releasing the knife. At this time seeing that I have a small window of opportunity in taking the knives away from Perez, I lunged forward and grabbed the butcher knife tossing it down the hall. Additional officers arrived and performed first aid on Perez.

Not knowing that there could be victims inside the second floor apartment, Officer Rojas and I proceeded there. Walking up to the door I observed blood in the doorway. We entered the apartment and announced "Lowell Police". As we were securing the apartment and looking for possible victims, I observed some blood in the kitchen area and the rear door was opened.

Upon the arrival of Sgt Nobrega, I was asked to return my department-issued firearm and spare magazine where it was secured.

The following is a summary based on the incident described below.

On Saturday, March 26th, 2016 I, Officer Rojas was working for the City of Lowell as a uniformed police officer, assigned to 3rd platoon in marked cruiser B1 as a Bravo District Response officer.

At approximately 2257 I was parked at 287 Appleton Street which is a commercial area with a large parking lot. At this approximate time I heard Lowell PD dispatch give out the following call to the area 10 cars. From Essex Regional, a 911 call, a man stating he was going to kill everyone and to send the police. I looked up the call through the Computer Assisted Dispatch System and read the following. The call was a 911 hang up at 75 Cambridge Street and the narrative stated = Essex Regional states a man called and stated he was going to kill everyone and to send the police. Not sure of apartment or if the man is inside the building or outside.

287 Appleton Street is a short distance away from 75 Cambridge Street so I decided to respond as backup. I made my way to 75 Cambridge Street without the use of blue lights and siren. As I approached Cambridge Street I observed an unmarked cruiser turning onto Cambridge Street. This cruiser was operated by Det. Suong from the Gang Unit. I advised Lowell PD dispatch that I was going off on Cambridge Street. Shortly after a tone on the Lowell PD radio was issued. Following the tone Lowell PD dispatch stated that there was a man holding knives in the residence. At this time I unholstered my department issued firearm, held it straight down against the right side of my body and continued walking towards 75 Cambridge Street. Det. Suong and I were now walking together and I again advised Lowell PD dispatch that B1 (myself) and G4 (Det. Suong) were going off.

During this time Lowell PD dispatch provided a description of the male which was as follows, a male with curly hair, white t-shirt and blue jeans. We continued walking

towards the front doorway of 75 Cambridge Street which was wide open. I walked up 2 cement stairs that were located on the outside of the doorway and stopped at the top step. I looked through the doorway and saw that there was a hallway in front of me leading to a closed door and a set of stairs to the right. At this time I advised dispatch that this was a multi-level building and began to request further information. As I was asking for further information Det. Suong told me that the male was right there on the stairs. I looked to my right and observed a male with a white t-shirt and blue jeans coming down the stairs at a fast rate of speed with a look of aggression on his face. I observed the male to be closer to the top of the steps leading to the 2nd floor. I observed the male to have one hand held above his body. In that hand I observed without confusion a large metallic steak knife. The other hand I observed to be holding something but my attention was focused on the steak knife.

At this time although I was in uniform, in a loud voice I identified myself as a Lowell Police Officer and yelled for the male to drop the knife. I also heard Det. Suong give the same verbal commands. I knew that the male acknowledged the commands because he responded that he wasn't dropping anything. All of these verbal commands occurred as the male rapidly continued down the stairs at us, refusing to drop the knife, holding it above his head which I perceived as an oncoming assault towards Det. Suong and myself. At this time I took a step back with my left foot in an attempt to create immediate distance and briefly lost my balance as I missed the step behind me. As I was taking the step back I continued to observe the male charging towards us showing no signs of slowing down or stopping or lowering the knife. I now had my firearm up and was aiming at the male. At this time I perceived the male's actions as assaultive with the possibility of serious bodily harm and or death to Det. Suong and or myself. I again in a loud voice ordered the male to drop the knife to which he did not. The male was close to the bottom of the stairs and within 5to 7 feet of our location again showing no signs of stopping. I then discharged my department issued firearm as I aimed at the male's center mass. I discharged my firearm until I was able to identify that the serious assault was neutralized.

After discharging my firearm, the male lay face down on the landing in front of us with his head pointing away from us. I immediately advised Lowell PD dispatch that shots were fired and requested paramedics. I was able to hear the male moaning and breathing heavily and was able to observe a knife still being held in his right hand. Det., Suong and I concluded that I would holster my firearm and pull the male by the legs towards us while Det. Suong maintained cover. This was done in hopes that the male would release the knife and it was also done so that we can place the male in a location that was safe to us and a location that would allow us to properly begin rendering medical aid. At this moment Ofc. Gonsalves arrived on scene and began to assist. Det. Suong stepped over the male and moved a knife. At this moment I now observed 2 knives. Ofc. Gonsalves with the assistance of other officers now took over medical aid while Det. Suong and I proceeded to the 2nd floor where we saw the male coming from. We proceeded to the 2nd floor with the intentions of rendering medical aid to anyone who may have been injured. As we began to clear the apartment I observed some disarray as if a brief struggle or thrashing had occurred. During the clearing I observed some blood in the kitchen and blood on a lamp that was broken on the ground within a bedroom. Det. Suong and I finished clearing the 2nf floor apartment where I noticed that a rear door was left wide open. We exited the rear door and cleared the area located by the rear door and continued following that the side/back yard where we made contact with other officers.

I made contact with Lt. Siopes and Sgt. M. Nobrega and briefly advised them of the shooting and my involvement with it. Sgt. M Nobrega requested 2 additional ambulances on scene to transport Det. Suong and myself to Lowell General Hospital for medical care.

Before leaving the scene I gave Lt. Siopes my department issued firearm and 2 magazines. While at the hospital I gave Sgt. M. Nobrega my duty belt with all my equipment.

Disposition Officer Rojas' two (2) 15-round magazines and one (1) 10-round magazine NARRATIVE NARRATIVE On 26 March 2016 at approximately 11:15pm, I was off at the scene of an officer-involved shooting at 75 Cambridge Street where I collected Officer G. Rojas' department-issued firearm. Officer Rojas stated that he was carrying two (2) full 15-round magazines and one (1) full 10-round magazine along with one (1) chambered round in the firearm - for a total of 41 rounds of duty ammunition on his person at the time incident. Officer Rojas informed me that he conducted a tactical re-load immediately after discharging his firearm prior to sweeping the second floor apartment but did not utilize the second magazine. Officer Rojas handed me his 10-round magazine from his pocket stating that it was the magazine he ejected from his firearm after discharge. I observed four (4) rounds of live ammunition remaining in his 10-round magazine. Upon return to LPD main station, Captain Crowley took possession of Officer Rojas'	A Property Type		p2. 	NARRATIVE			

On listed date and time, I was on patrol supervising the Alpha Sector. I was monitoring the radio when I heard dispatch send officers to 75 Cambridge Street for a 911 call that had been received by Essex Regional for a man who stated that he was going to "kill everyone" and to "send the police". I then requested dispatch to repeat the call and asked for more information as I began heading in that direction. Dispatch then repeated the call and moments later they then toned out the initial call and said that they received a second call where now the male was in the hallway with a knife. As I proceeded to the call, I then heard Officer Rojas say he was going off on scene along with gang unit Officer Suong.

As I continued to the scene I then heard Officer Rojas yell on the radio that shots had been fired and he requested paramedics. Upon my arrival I immediately observed a male on the ground in front of the residence and several officers administering CPR. I then gather pertinent information as to who was involved in the shooting as other Supervisors were directing officers to secure the scene. I learned that Officers Rojas and Officer Suong were involved in the shooting. I then immediately called for two additional separate ambulances and I removed both officers from the scene and walked them over to the ambulance. At that point I retrieved Officer Suong's firearm with holster and one short magazine that he had. Lt. Siopes then retrieved Officer Rojas' gun along with two magazines.

Both Officers were then sent to LGH main campus in separate ambulances. I secured Officer Suong's firearm and magazine in the secure lock box of S-2. I also retrieved Officer Rojas' full duty belt and secured that in the secure lock box of S-2 as well. I responded to LGH and stayed with both officers until they were released. Officer Suong's firearm and magazine along with Officer Rojas' duty belt were turned over to Captain Crowley at LGH.

office	r was	off o	on an 1	unrela	ted call	for s	ervic	e on Epp:	ing St.	This	office	er c	could	hear a	a

officer was off on an unrelated call for service on Epping St. This officer could hear a dispatched call for service for 75 Cambridge St where someone "was going to kill everyone". Within a short timeframe, LPD Dispatch informed officers that the party in question was male and he was now armed with a knife; in which a priority one tone was broadcast. This officer heard a transmission that two LPD units were on scene attempting to locate the male in question. Within a few seconds, this officer heard another transmission where an officer was shouting "shots fired!" and "to send an ambulance!". This officer then got into my marked unit, activated my emergency lights and sirens and proceeded to 75 Cambridge St. The following is a summary of events:

While en route to 75 Cambrdige St, this officer heard a transmission requesting again for the ambulance as the scene was secure. As this officer attempted to pull up on scene, this officer noted that there was no ambulance in sight. This officer then retrieved the medical kit from the trunk of my marked unit and ran down to 75 Cambridge St. As this officer arrived, this officer asked if anyone was hurt; in which this officer learned that there was a suspect down from gunfire and the officers involved were unharmed. This officer observed a male lying on his back (Jose Perez), and appeared to be unresponsive as multiple officers were attempting to treat Perez. This officer observed his chest to be bare, in which this officer could see what appeared to be a gunshot wound in the center mass of his chest, along with multiple gunshot wounds to his left side (ribcage area). At this time, Ofc Rayne was performing CPR on Perez, and this officer was applying chest seals; along with attempting to stop the bleeding. LFD and Trinity arrived on scene and took over the medical treatment of Perez.

Due to the circumstances, Sgt. Giuffrida was on scene and advised officers to seal off the area as a potential crime scene and to start a crime scene log. Multiple officer then sealed off the scene in which Ofc S. Merrill started said log; which Sgt. Giuffrida
