Synopsis

1 On Saturday February 12, 2022 I spoke with David Meharry (dob [REDACTED]/48) in regards to anything he may have seen outside of his home located at 105 N Hancock Street. We spoke in his kitchen. David stated he heard yelling outside of his home but couldn't make out what was being said. David looked outside and saw a man holding a knife. The knife was up about shoulder high and pointed outwards. The man was sitting on his butt and leaning back and sliding backwards on the ground. David took a picture of the interaction (see attached) which he emailed to me. Throughout the incident David heard multiple rubber bullet shots outside and then heard four shots right in sequence. David said that he had heard gunshots before in regards to an incident that had occurred in Nashua NH.

2. Meharry sent an email explanation along with the photo:

Attached are two photographs. The first is from the incident today at the rotary between Hancock and Burlington Street. The photo was taken at 12:55pm. The time stamp says 8:55 pm. That is because the camera had last been set for a different time zone and not reset to EST. I photographed my gps exercise watch to verify this. The watch face says 5:17:58 p (pm) and the "file information" of the photo shows it was taken at 1:18am on 2/13/2022 (advanced 8:00 hours)

Respectfully submitted
Lieutenant Bruce O'Rourke
