Re: Conversation with Attorney Joseph Hennessey

Per your request I am writing you regarding the telephone conversation I had with Attorney Joseph Hennessey regarding Andrew Stigliano. The following is all to the best of my recollection but could be verified by listening to the recordings of the conversation. At approximately 11:19 on July 2, 2013 Attorney Joseph Hennessey contacted the Ashland Police Department Dispatch Center via the department business line. He stated that he had been in contact with Andrew Stigliano and he was receiving texts from him. He stated that he was not sure if our officers were "out with him" but if we were we should use caution. At this time I advised the officers on scene to use caution when approaching the suspect and then attempted to obtain additional information from Attorney Hennessey. Attorney Hennessey advised he could not provide specific information regarding the texts but advised that the officers use caution. At this time I asked whether the subject, Andrew Stigliano, had made any references to weapons. Attorney Hennessey stated he had not made any such references but had in fact made comments threatening the police officers. I updated the officers on scene with this information, obtained contact information for Attorney Hennessey and terminated the phone call.
