[REDACTED] Her uncle lived with her and called 911 [REDACTED] Chelmsford Police arrived and were invited into the home by the uncle and he led them to a closed bedroom door. The first officer on scene attempted to gain entry into the room and SANTIAGO opened the door. SANTIAGO attacked the police officer punching him in the face. A fight broke out between SANTIAGO and the officer and eventually other officers arrived. SANTIAGO armed himself with a hammer and threw it at Police. He then armed himself with multiple long/knife sized shards of a broken mirror and threatened police. Police attempted to Taze him but were unable due to the fact SANTIAGO was using the broken mirror as a shield to block the Tazer prongs. As SANTIAGO began to advance on the officer with a long knife-shaped shard of glass, his GF grabbed his shirt b/c she did not want any officers to get stabbed. SANTIAGO punched her in the face a second time and one of the officers discharged their firearm twice, striking SANTIAGO in the leg and head. SANTIAGO was medflighted to Tufts Medical Center and his being held in custody by Chelmsford Police. LT Bulman and I attempted to interview SANTIAGO at Tufts. After he declined to speak we were preparing to leave when SANTIAGO jumped out of his hospital bed and assaulted the Chelmsford Officer and attempted to escape from the hospital. SANTIAGO attempted to arm himself with a pair of surgical scissors as he fought with the three of us, but he was ultimately subdued. Additional ABPO charges are expected as well as an attempted escape from custody charge. He is currently being guarded by multiple Chelmsford Police Officers at Tufts Medical Center. His condition in the ICU is stable.

The scene was processed by MSP CSSS and MSP Ballisticians

Invest continues: Bulman, DeLucia, Williams

Tony
