THE COURT: Okay.
MS. SPIROS: I can also attempt to get Miceli as -- on the lunch break.

THE COURT: Okay. All right.
MS. SPIROS: So I definitely think we'll have a number.

THE COURT: All right.
MS. SPIROS: And then tomorrow -- we'll move some of the Thursday witnesses on to Wednesday --

THE COURT: Right.
MS. SPIROS: -- to try to fill some time.
THE COURT: Right.
MS. SPIROS: Although I don't know that we'll be able to fill a full day tomorrow.

THE COURT: Okay.
MS. SPIROS: Dr. Matthews and Lieutenant Donoghue are both only available Thursday morning.

THE COURT: Only on Thursday, all right. So maybe we can see if Officer Dean --

MS. SPIROS: Yes. We're going to try to move all of them.

THE COURT: -- (inaudible)? All right. Great.

All right. Thank you.
We'll see everybody at two.
MS. SPIROS: Thank you.
THE COURT OFFICER: Court's in recess.
All rise.
(12:47 p.m. court in recess.)
(2:01 p.m. court resumes.)
THE CLERK: We're back on the record.
THE COURT OFFICER: You may be seated.
THE COURT: All right. Attorney Spiros?
MS. SPIROS: Yes, your Honor.
Sergeant Michael Taylor. The other two witnesses I anticipated calling first are not here yet.

THE COURT: Okay.
MS. SPIROS: Thank you. (Pause.)

THE CLERK: Raise your right hand.
Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, so help you God?

THE WITNESS: I do. MICHAEL TAYLOR, SWORN

THE COURT: All right. Good afternoon, Officer.

And, Sergeant, I'm sure you're aware that there is a sequestration order.

In addition to that, because of the nature of these proceedings, it's a closed hearing, $I$ 'm just going to ask that you not discuss your testimony with anybody until this matter becomes public, okay?

THE WITNESS: Yes, sir. No problem.
THE COURT: All right. Thank you,
Sergeant.
Okay. ADA Spiros?
MS. SPIROS: Thank you.
EXAMINATION
BY MS. SPIROS:
Q. Good afternoon, sir.
A. How you doing?
Q. Well. Thank you.

Could you please introduce yourself to the Court, spelling both your first and last name for the record?
A. Sergeant Michael Taylor.

Michael, $\mathrm{M}-\mathrm{I}-\mathrm{C}-\mathrm{H}-\mathrm{A}-\mathrm{E}-\mathrm{L}$, Taylor, $T-A-Y-L-O-R$.

I'm with the Cambridge Police Department.
Q. And you're a sergeant, you said?
A. I am.
Q. How long have you been with the Cambridge Police Department?
A. I've been with the Cambridge Police Department approximately 13 years.
Q. And prior to that, where were you?
A. I was with the Wakefield Police Department for about eight years.
Q. For how long?

Eight years?
A. Yes.
Q. Can you tell me, have you had, and briefly, if you can explain to the court what your training has been in regards to investigations generally.
A. Generally, investigations, it's with regards to -- I mean, we take all types of investigations, sexual assault investigations, through the course of my employment here, shooting investigations, accident investigations, anything along those lines, any type of investigations, through the Lowell police Academy specialized trainings put on by the MPTC.
Q. And so, as a sergeant, are you assigned to the Detective Unit right now?
A. I am.
Q. And as a sergeant in that unit, what does it mean you do?
A. I oversee about 10,15 detectives on any given day or evening. It could be down to five detectives on the general caseload.

And, again, $I$ oversee their caseload and supervise them throughout it.
Q. I want to draw your attention to January 4 th of 2023.

Were you working on that day?
A. I was.
Q. Can you tell me, was there a particular radio transmission that caught your attention?
A. There was.
Q. Can you explain what you heard?
A. There was a radio transmission of a individual in the area of, $I$ think it was Brookline Street, Putnam Ave. down that way, an individual with a knife, and officers responding to that scene.

I believe it was that somebody had just jumped out of a window with a knife.
Q. And as a result of hearing this on the radio, what is it that you did?
A. As a was hearing the radio transmission, proceed, it went on for a few minutes, I -- I started getting down to my cruiser and heading in that direction -- my unmarked cruiser and heading in that direction.
Q. And so you said your unmarked cruiser.

Were you wearing a uniform that day?
A. I was not.
Q. Okay. Did you have some sort of insignia that said Cambridge Police?
A. No, not -- other than my badge that $I$ would wear --
Q. Your badge?
A. -- I did not, no.
Q. Okay. You had your badge on that day?
A. I did.
Q. Okay. Were you -- did you go in your cruiser to the scene with someone or alone?
A. I went alone.
Q. Can you tell us what happened next?
A. I arrived at Chestnut Street, 59 Chestnut Street.

As I arrived on-scene, there were already other officers on scene with their -- there were two ambulances on scene; and $I$ was directed
towards the backyard, 59 Chestnut Street, where I met the officers who were in the backyard.
Q. So at that point, what could you observe about the backyard?
A. Other than the officers that were there, there was some medical dressings, I'll say that it looked like, I guess, area where they -- they treated Mr. Faisal.

I could see that in the backyard, as well as the officers in the area.

I was there -- assuming thereafter they were put in the back of the ambulance.
Q. And you mentioned that there were officers in the backyard.

Who do you remember being in the backyard at that point that you arrived?
A. I remember Officer Brian Pugliares being there and, forgive me, Officer Cas Maziarz, he was in the backyard. I remember him being in the backyard.
Q. Okay. And so at that point when you went into the backyard and saw the other two officers, what did you do next?
A. I separated the officers.

I took them over and just asked them
general statements as to what they saw and what they observed as to what happened.
Q. So this was a different kind of call because it involved an officer; is that correct?
A. Different in the sense of it was an officer.

I mean, that's why we were responding down
there. I had heard the shots fired as $I$ was making my way down there, so, in that sense, that's not a typical call that we would hear with the shots fired call, so, in that sense it's different.

But the process we take and things like that, it doesn't differ from investigation to investigation, that's --
Q. So you said you separated the officers, and what was the purpose of dolng that?
A. So we could get them individual statements as to what they observed in the immediacy of it.

The other thing we did is we cordoned off the area with a perimeter.

We -- the backyard area, or, I should say, the house area itself, which we call the inner perimeter; and then outer perimeter, which we set up a little further down the street.
Q. How do you -- how do you mark off that
perimeter?
A. Initially it was just with the yellow caution tape that you'd see.

Again, we just tie that to whatever we can in the area to box it off; and the outer perimeter, I think we set up more down towards the Putnam Ave. area, down there, in the end of Chestnut Street.
Q. And so at that point you spoke to two of the officers?
A. I did.
Q. Each of them individually?
A. I did.
Q. And then what happened next?
A. We started preserving some of the evidence that we saw there; again, limiting the traffic that was coming in.

We set up a -- the crime scene, the log, to document who was going into the backyard.

And, like $I$ said, just documenting with the little placards, the cards, the numbered cards with the items that we saw in the backyard that we thought were of relevance.
Q. And. at that point, had crime scene from Cambridge Police responded?
A. As -- they showed up soon thereafter.

I have the markers in the back of my car, so I initially took those out.

We didn't want people stepping on anything, possibly kicking it out of the way, so we do put the yellow markers there.

Crime scene, our crime scene, the
Cambridge Police Crime Scene Services, came down a short time later.

At that point, we typically, $I$ don't want to say turn the scene over to them, but it's their expertise, so we let them kind of dictate the crime scene itself at that point.
Q. And you said you took those placards out.

Do you remember with any particularity what you placed markers next to or what you or others did?
A. No, I don't remember any particular that $I$ put a marker next to.

I do remember puliing them out and putting them on the ground.
Q. You just know that it was done?
A. Yeah.
Q. Yes, okay. And what happened after the markers were placed?
A. The scene's cordoned off. We -- in the immediacy of it, we call the Massachusetts state Police, the CPAC Unit.

Their crime scene service is also a calldown, and we preserve that backyard area until they get down there.

I don't want to say they take over, but we assist them with their investigation and what they do in the backyard.
Q. And the state Police assumed sort of a primary jurisdiction over the case?
A. They do -- it's more -- yeah, we were more of assist with them at that point.
Q. Understood.

And so what happened that night for you after that?
A. After that - after we sectioned off the backyard, secured that, set up the perimeter on that, $I$ went over to the secondary, what I'm calling the secondary scene, the second scene that $I$ was at, near the Putnam Ave. address.

We went over to the house. Again, we secured that area over there.

And then $I$ also spoke to one of the officers who was on scene who kind of directed me to the path that -- the best of his knowledge, that they took to arrive at Chestnut Street.

And we -- we walked that area, sectioning off that and securing that area as well.
Q. And did that span some distance?
A. Yeah. Yes, a few blocks.
Q. And after you were looking at the secondary scene and then the blocks that were traveled, to the best of the officers's knowledge, what happened next?
A. Again, the state Police showed up with their,

I believe it's their SERT Team, and I walked the -- again, the path that we believe the officers and Mr. Faisal to have taken during the course of where he went.

And we marked that off. $\quad$ believe they GPS it out. They could speak more to that, exactly the process they use.
Q. They did some specialized mapping of that area?
A. They did.
Q. And after the SERT Team, what happened next for you that night?
A. Later on that night, we sat down in the District Attorney's Office and we came up with a
game plan how we were going to proceed with the investigation.
Q. And did that involve essentially all of the detectives from both departments sitting down and coordinating as to follow-ups?
A. We did.
Q. And that happened very late or early into the morning of the 5 th?
A. Yeah. It was a long night, and then the next day as well.
Q. Yes. And through the course of this investigation, were you assisting and directing the Cambridge officers' response and assistance?
A. I was.
Q. Okay. I want to ask you about a particular follow-up interview that you did.

Did you speak with a woman named Aimee Landry?
A. I did.
Q. How did you become aware of Aimee Landry?
A. I was forwarded an email from, I believe - I believe his position was in the department as the public information officer, Jeremy warnick is his name, Jeremy Warnick.

The Cambridge Police Department has a,

I'll call it an anonymous tip line, and I'm not sure if it's Twitter or Facebook, but it's a -on some social media platform.

He was notified through there that Ms. Landry had witnessed the incident on Waverly Street, the Waverly Street area.

There was an email address, and I believe maybe a phone number associated with that.

I gave Ms. Landry a call to follow up on the tip that she, herself, had -- had called into the -- whatever platform that was, the tip line. Q. And as of -- as a result of following up, did you schedule an interview with her?
A. I did.
Q. And, sometime later, on or about January llth, did you conduct a recorded 1 nterview with her?
A. I did.
Q. Did you preserve that interview and forward it to the District Attorney's Office?
A. I did.
Q. I want to draw your attention more specifically to a follow-up that was done later in March of 2023.

Do you recall a particular meeting that
you were asked to attend?
A. I do.
Q. And what - who was going to -- who was at this meeting?
A. It was at the District Attorney's office in Woburn.

You were there as well as -- it was Lieutenant Donoghue from the State Police. There was another state Police officer there -- I forget exactly who that was -- as well as the family of Mr. -- Mr. Eaisal.
Q. And do you recall specifically, was it the father and the grandmother of Mr. Faisal?
A. It was the father, the grandmother, I believe there was an interpreter there, and there was another relative, it could have been an uncle, who was there as well.
Q. And what was the purpose of that meeting?
A. It was a follow up to get a little background on Mr. Faisal himself, as well as his -- what transpired the day of that event with Mr. Faisal, get some background on he himself.
Q. Fair to say you had not been able to interview his family members at the time, or close to the time of the incident?
A. No, we had not, no.
Q. And so in speaking with Mr. Faisal's father, was he able to tell you a little bit about what had -- what he -- he had observed of Mr. Faisal on the morning of January 4th?
A. He did.
Q. Can you tell the court about that?
A. He -- he mentioned that they woke up, it was a normal day, just a normal conversation with them.

He mentioned that at about -- $I$ think it was about noontime, he had left for work.

As he left for work that day, Mr. Faisal and the grandmother were still in the home at that time.
Q. And did he indicate that -- at the time whether or not Mr. Faisal was employed?
A. I believe he said he was unemployed at that particular point in time.
Q. But that he had been employed in the past?
A. Yeah. I recall him mentioning -- I believe it was something about working at CVS, as well as I think it was the Charles Square Hotel.
Q. Did you -- did you or others after meeting inquire as to whether or not Mr. Faisal had any
known mental health issues?
A. We did.

I think we inquired about that, yes.
Q. And what was the father's response?
A. They said they did not know of any mental health issues that he had.
Q. Did you ask him whether or not they were aware if Mr. Faisal had shown some interest in joining the Army?
A. I don't recall asking that question of

Mr. Faisal. If it was asked, I don't recall asking it.
Q. Is -- would something refresh your memory as to that?
A. Sure.

MS. SPIROS: May I approach?
THE COURT: You may.
The wITNESS: Sorry.
BY MS. SPIROS:
Q. Take a look at that and see if that refreshes your memory as to --
(Pause.)
A. Yes.

It does say here that we -- we asked him lf he had shown interest, a possible paying for
college.
Q. In joining the Army?
A. In joining the Army, to pay for his college.
Q. Did -- did Mr. Faisal's father indicate whether or not he was aware that Mr. Faisal had gone to another country recently?
A. He did.
Q. And what did he say?
A. He said he traveled with another individual to Nepal.
Q. And did you -- was he asked whether or not Mr. Faisal had kept knives that he was aware of?
A. I don't think he was aware of knives. I don't recall that.

MS. SPIROS: If I may have a moment.
Nothing further.

THE COURT: All right. Thank you.
Attorney Anderson?
MR. ANDERSON: I have no questions.
THE COURT: All right. Attorney

Kazarosian?

MS. KAZAROSIAN: Could I just have a moment, your Honor?

THE COURT: Sure.
(Discussion held off the record.)

MS. KAZAROSIAN: I have no further questions.

No questions.
THE COURT: All right. Thank you.
All right. Thank you, Sergeant.
THE WITNESS: Thank you, your Honor.
(Witness excused.)
MS. SPIROS: If I could just inquire if there's others outside.

They're both here. Okay. Excellent.
If $I$ could have a moment, your Honor.
THE COURT: Sure. (Pause.)

MS. SPIROS: Detective David Barkhouse, please. (Pause.)

THE CLERK: Raise your right hand.
Do you solemnly swear to tell the truth, the whole truth, and nothing but the truth, under the pains and penalties of perjury?

THE WITNESS: I do.
THE CLERK: Thank you.
DAVID BARKHOUSE, SWORN
THE COURT: All right. Good afternoon,

Detective.
Detective, I'm sure you're aware there's a sequestration order.

THE WITNESS: Yes.
THE COURT: And, also, because of the nature of these proceedings, it's a closed hearing and until this becomes public at a later date, $I$ 'm just going to ask you not to discuss your testimony with anyone until this matter becomes public, okay?

THE WITNESS: Yes, your Honor.
THE COURT: All right. Thank you, Detective.

THE WITNESS: Thank you.
THE COURT: Attorney Spiros?
MS. SPIROS: Yes, your Honor.
Thank you.
EXAMINATION
BY MS. SPIROS:
Q. Good afternoon, sir.
A. Good afternoon.
Q. Could you please introduce yourself to the Court, spelling your first and last name for the record.
A. Detective David Barkhouse, $D-A-V-I-D$,
$B-A-R-K-H-O-U-S-E$.
Q. Thank you.

And can you tell us how you're employed?
A. I am a detective with the Cambridge Police Department.
Q. How long have you been a detective?
A. About four years.
Q. Prior to that, what role did you have?
A. I was -- worked in patrol, uniformed patrol officer.
Q. Any other prior law enforcement or military experience?
A. I worked briefly as an auxiliary police officer for about a year prior to becoming a Cambridge police officer.
Q. And, in your job as a Cambridge police officer in the Detective Unit, have you had some specialized training?
A. Yes.
Q. Can you briefly describe that?
A. Sure.

```
I've been to crime scene processing
``` schools.

> I've been to two homicide schools. I've been to sexual assault investigation
school, several different trainings.
Q. And what is it that you do on a daily basis in your role in detectives?
A. I work part-time in the Domestic Violence Sexual Assault Unit.

It's about -- I would estimate maybe about
a third of my cases are domestic violence cases, criminal harassment cases.

And \(I\) also work doing general investigations, larcenies, violent crimes, property crimes.
Q. I want to turn your attention now to January 4th of 2023.

Were you working that day?
A. Yes.
Q. And in what capacity?
A. I was working as a day general investigator.
Q. And specifically were you on call that day?
A. Yes, I was.
Q. What does that mean?
A. That means that if any calls come in during the shift that need to be addressed immediately, it is your case.
Q. And so, as a result of being on call, were you at the station or elsewhere?
A. I was actually on my way to a town west of Boston on Mass. Pike, on the Mass. Pike.

I was on my way with another detective. He was going to show a photo array, and we were going to meet a victim of a different crime when we heard the radio transmission for this call come in.
Q. What did you hear as a radio transmission in this case?
A. So we were on the Pike, so we were almost out of radio range, but \(I\) did hear, Shots fired, so we immediately got off at the next exit and turned around and started to head back.
Q. Who were you with?
A. I was with Detective Brian Hartunian.
Q. And do you work as -- in partners or alone or did you just happen to be together that day?
A. We happened to be together that day.

He wasn't involved in my other case, so he was going to be showing the photo array for me.
Q. And you said you turned around and went directly back to the city.

Where did you go?
A. We drove directly to Chestnut Street.
Q. On the way there, did you receive any more
information or did you learn anything else about what was happening?
A. We continued to monitor the radio, but, obviously, we weren't making any phone calls.

Everyone was on their way to the -- the scene itself, so we -- we just listened to the radio on our way.
Q. And where did you go first?
A. First we went directly to Chestnut street itself.

I met with Lieutenant Dave Brown on Chestnut Street, directly in front of 59 Chestnut Street.
Q. And Lieutenant Brown, is he the detective lieutenant in your unit?
A. Yes.
Q. And, as a result of that conversation, were you given a briefing?
A. Yes.
Q. And did he give you a particular task?
A. He asked me to meet with Detective sergeant Kimmick (phonetic), who was located, I would estimate, maybe about a block away.

She was in the rear of 254 sidney street, and he asked me to go see if she needed any
assistance with what she was doing at that location.
Q. And, as a result of that, did you go there?
A. Yes.
Q. Can you tell us what happened next?
A. Yes. When I arrived, there were -- Sergeant Detective Kimmick, as well as a couple other Cambridge police officers, were on scene there.

They had cordoned off an area in between the side of 254 Sidney Street and the side of 625 Putnam Ave.

I observed a broken window on the side of 625 Putnam Ave.

I asked a couple of the officers that were on scene if anyone had been inside that apartment yet to secure it to see if there was anything inside -- any people inside that might be injured.

No one seemed to know the answer, so I -I met with one of those officers.

We went to the front of 625 Putnam. We were greeted by some maintenance staff for the building, and they allowed us access and pointed us toward the apartment that they believed that the broken window was in.
Q. And what apartment number was that, if you know?
A. 107, I believe.

MS. SPIROS: Your Honor, may I approach the witness?

THE COURT: You may.
BY MS. SPIROS:
Q. I'm going to show you two photographs and ask you if you recognize what's depicted in them.
A. Yes.
Q. What is it?
A. This is the window on the side of 625 Putnam that I later learned was to a bedroom on an apartment, No. 107, and the second picture is the screen on the ground below that window.
Q. Fair and accurate depiction of how it looked that night?
A. Yes.
Q. Or that day, I should say?
A. Yes.

MS. SPIROS: I'd offer this as the next exhibit.

THE COURT: Okay. I think we're at 39.
How many photos, two?
MS. SPIROS: Two.
(Exhibit No. 39, Two photographs, admitted into evidence.)

BY MS. SPIROS:
Q. And so, in regards to the securing of the apartment, did you go into this apartment?
A. Yes.
Q. And for what purpose?
A. I wanted to make sure that there was no injured parties inside, as \(I\) could see that there was a shattered window, and that no one had been inside the apartment yet.

We went and knocked on the door. We were greeted by an elderly female.

She did not speak English, so we tried to convey that we just needed to come in and make sure there was no one injured inside.

We were having a tough time. I was trying to use hand signals, anything I could, just to get in there as quickly as possible.

She ended up eventually allowing us to enter, so Officer Steve Allen and myself went inside, just did a quick walk-around of the apartment, just to make sure there was no one inside that was injured.

There was one bedroom door that was locked
from the inside.

We were able to, with the assistance of building maintenance, pry that door open.

And, once the door was open, viewed inside the room.

It was very -- there was a lot of stuff everywhere, scattered, scattered around the room, to include a bicycle that didn't allow for you to walk into the room.

There was a bicycle, like, right on the ground, kind of just laid across.

I noticed the shattered glass. I noticed blood on the windowsill and on the floor.

And \(I\) did enter the room, stepping over the bicycle, just to make sure -- to check one closet to make sure that there was nobody inside the closet, and then we, noticing no one else inside, exited, and secured the apartment.
Q. Did you -- when you talked about the bicycle, was -- did you have to use any unusual or abnormal amount of force to get the door open?
A. No, just that the handle itself was locked.

So I believe the -- the maintenance person -- Officer Allen, was the one who actually assisted in getting the door open.

I think they were able to just use a tool to manipulate the lock without having to break anything to open the door up and get inside. Q. Are you aware that later on the apartment was searched and photographed later?
A. Yes.

MS. SPIROS: May I approach?
THE COURT: You may.
BY MS. SPIROS:
Q. I'm going to show you ten photographs, sir, and ask you if you could just look through them first and look up when you're done, please. (Pause.)

BY MS. SPIROS:
Q. Sir, do you recognize what's depicted in the ten photographs?
A. Yes.
Q. Fair and accurate depiction of how the apartment looked that day?
A. Yes.
Q. In that particular bedroom?
A. Correct, yes.
Q. Is the bicycle that you just discussed depicted there?
A. Yes.
Q. As well as the shattered glass?
A. Yes.
Q. And where was that located, the shattered glass?
A. That was inside this second bedroom, the bedroom is located, if you walk into the apartment, it was on the right side of the apartment.
Q. And the shattered glass, would that have been -- and that window, would that have been consistent with the broken glass on the outside and the screen that was on the ground?
A. Yes.

MS. SPIROS: I'd offer this as the next exhibit.

THE COURT: All right. That will be Exhibit 40. It's ten photos.

MS. SPIROS: Yes.
(Exhibit No. 40, Ten photographs,
admitted into evidence.)
BY MS. SPIROS:
Q. After you made the observations that you did of the bedroom inside the apartment, what did you do next?
A. As I said, we exited the apartment. We met
with the elderly female in the hallway.
As I said, we were trying to convey that she couldn't go back inside; that we were securing it.

We ended up calling another detective down to the scene, Detective Ali, to see if he could -- I wasn't even sure what language she spoke, so we were trying to see -- I know he is fluent in several languages, so \(I\) was trying to see if he could help in assisting with that translation.
Q. And did Detective Ali respond?
A. He did.
Q. And was he able to assist you?
A. To a degree, yes.
Q. Okay. And, after that, just speaking still of that night, after you went into Apartment 107 and spoke with the elderly female, did you come to learn who the elderly female was?
A. Yes.
Q. And was that Mr. Faisal's grandmother?
A. Correct, yes.
Q. After you had that encounter with her, what happened next?
A. I stood by outside the apartment for a little
while.
We were waiting to try and assist to get her transported to meet with family. It took a little while.

Mr. Faisal's mother ended up coming. We got some transportation for her to head to the hospital.

Another family member ended up coming and picking up his grandmother a little while later. Q. And, sir, after that, what did you do next that night?
A. After that, went back outside.

We -- my next task that \(I\) was given was that there was a couple of juveniles that had witnessed something that we were going to be interviewing, so a trooper from the Mass. State Police and myself went and met with those two juveniles.
Q. And so did you come to learn those juveniles' names?
A. Yes.
Q. Did you know one of those juveniles? Or --
A. I knew of, but \(I\) had never met him.
Q. Thank you.

Who is it that you interacted with at that
point?
A. I spoke with Jayden walker (phonetic) and Xavier Martin (phonetic).
Q. And, generally speaking, who were they and how were they involved?
A. So these two juveniles, as well as a third, were in Apartment No. 1 at 254 Sidney Street.

They were in an upstairs bedroom playing video games, and they heard a loud noise; looked outside the window.

They observed Mr. Faisal outside on the ground. He was cutting himself -- cutting his wrists with a knife; later with a piece of glass as well.

And they took some videos of what was occurring outside, and they also-- the third juvenile is the one who actually called 911 at the beginning of this incident.
Q. You said they took some videos.

Was it two videos?
A. Two videos, yes.
Q. And did you ask if - or did you, or a fellow investigator, ask if you could have copies of those videos?
A. Yes.
Q. Were they provided to you?
A. Yes.
Q. And was that request made of a parent of the juveniles?

How did that happen?
A. So we waited to speak with the two juveniles.

There was -- Xavier Martin's mother was
home. We spoke with him in the presence of his mother.

We waited for Jayden walker's mother to arrive.

Once she was there, she went inside the house, spoke with him for a few minutes, and then they came out together for us to interview him at that time.
Q. And, to be clear on the two videos, those are taken from what angle, if you know?
A. They're taken from a -- \(\quad\) believe it's the third-story bedroom, almost directly downward.

The video depicts him -- Mr. Faisal, sitting on the ground on the side walkway of 254 Sidney.

It's almost directly below the window that the video's shot from.
Q. And the first video is longer than the second
video, correct?
A. Yes.
Q. Do you recall talking with the juveniles about what -- other than having the video and what the video shows, what they had seen or observed?
A. Yes.
Q. Can you tell the court a little bit about that?
A. Sure.

They observed -- they heard a loud noise that they thought was shattering glass.

They actually initially thought that it was a part of the video game that they were playing.

When they looked outside, they saw Mr. Faisal sitting on the ground.

He was wearing, according to them, gray sweatpants with no shirt, no shoes.

He was initially kneeling on the ground, cutting his wrist with a knife.

He was doing that both in a slicing motion, as well as in more of a striking motion, as they described it to me.

They said that he eventually switched from
the kneeling position to a seated position with his legs crossed.

They also saw a book in his possession.
Q. Do you know how much time you might have spent with the juveniles that day?
A. Probably about ten minutes.
Q. Okay. Were there other follow-ups that night that you were involved in?
A. That night? I don't think I spoke with anyone else that night, no.
Q. Drawing your attention then to January 5 th, were you tasked with going to a particular location with Trooper Torres?
A. Yes.
Q. And what was that?
A. The medical examiner's office.
Q. And for what purpose?
A. To view the autopsy.
Q. And you did that with Trooper Torres?
A. Yes.
Q. You were there for several hours?
A. Yes.
Q. Turning your attention to another follow-up that you were able to do in this case, were you also tasked with interviewing Susan Freireich?
A. Yes.
Q. Did that occur on January 6th of 2023?
A. Yes, it did.
Q. And do you know, was that interview recorded? A. Yes.
Q. And a copy of that recording provided to the District Attorney's Office?
A. Yes, it was.
Q. And Trooper Torres was with you during that interview; is that correct?
A. Yes.
Q. I want to draw your attention now to January 10, 2023.

Did you interview someone named Don
Toynton?
A. I did, yes.
Q. Can you describe how that interview was conducted?
A. Conducted via phone.
Q. And who was Don Toynton?
A. Don Toynton is a friend of Susan Freireich. He lives in Arizona.

He was visiting at the time. He was actually waiting for a car to take him to the airport when this incident occurred, so he wasn't
able to stick around for very long after the incident occurred, that's why I ended up interviewing him on the follow-up interview by phone.
Q. Can you tell the Court what Mr. Toynton said? A. He said that he was in -- on the second floor of this residence, 59 Chestnut, with Susan.

They heard some shouting outside, and susan said that she observed some people in the driveway.

He said -- he described to me that he heard what he believed to be two to three loud bangs, and then he instructed susan to come away from the window and not to look outside.
Q. Did he indicate that he did look outside?
A. Yes.
Q. And did he tell you what he saw?
A. Yes.

He said that he could only see the backs of -- of what was -- of the officers, that he could see that there was a person on the ground that had something on their head and neck area.

He --his guess was that it was blood.
Q. Did he indicate anything about what the male on the ground was doing in terms of
movement-wise?
A. I don't recall.
Q. Do you recall writing in your report that he was squirming?
A. Yes.
Q. Described as squirming?
A. Yes.
Q. At that point, did Mr. Toynton indicate what else he saw?
A. Yes.
Q. What did he say?
A. He said that he -- that it seemed like
the -- this person on the ground was kind of fighting back; didn't -- was trying to resist the efforts of the officers to assist him.

He said that he observed the officers trying to render medical aid.
Q. Did you ask Mr. Toynton if he heard the person on the ground say anything?
A. I'm not sure off the top of my head, I'm sorry.
Q. Certainly.

Would something refresh your memory?
A. Yes.
Q. Your report?
A. Please.

MS. SPIROS: (Indiscernible.)
BY MS. SPIROS:
Q. Second paragraph from the bottom.
A. Thank you.
Q. If you can just look up and I'll take it from you when you're done refreshing your memory. (Pause.)
A. Thank you.
Q. Thank you. Is your memory refreshed?
A. Yes.
Q. And do you recall whether you asked

Mr. Toynton about whether he heard the person on the ground saying anything?
A. Yes. I asked him.
Q. And was there a response to your question? A. Yes.

He didn't really answer my question, but he did say that contrary to what he was hearing -- and I'm paraphrasing here without having the quote in front of me -- but contrary to what he was hearing, that the police did not murder him, and that the -- that the police had to protect themselves.
Q. Was there anything else that Mr. Toynton
relayed to you in the interview?
A. No.

MS. SPIROS: If I may have one moment. (Pause.)

BY MS. SPIROS:
Q. Just in terms of your interview of the juveniles who made the 911 call and then recorded the video, was there anything specific that the juveniles relayed to you about seeing the person coming out of the actual window?
A. Yes.
Q. Can you tell the Court about that?
A. Yes. So Xavier Martin said that he observed someone coming out of the window with the shattered glass, that the person was coming out feet first.
Q. And, in terms of the juveniles, again, in that interview about those juveniles who called 911 and made the recordings, did they tell you whether they could hear anything that the officers were saying to the person?
A. Yes.
Q. What did -- what was that?
A. So they said that the -- when they believed the officers first approached, that they kind of
called out to him.
And, when he heard the officers call out to him, he got up and ran to -- further towards the rear of 254 Sidney, which would be towards 625 Putnam.
Q. Thank you.

MS. SPIROS: I have nothing further.
THE COURT: Attorney Anderson?
MR. ANDERSON: I have no questions.
THE COURT: Attorney Kazarosian?

MS. KAZAROSIAN: (Inaudible).
THE WITNESS: Ph, I'm sorry. Usually it's only two. I'm sorry.

\section*{EXAMINATION}

BY MS. KAZAROSIAN:
Q. Good afternoon.
A. Afternoon.
Q. I'm Marsha Kazarosian, and I represent Mr. Faisal's family.

Were you present at the interview of Susan Freireich?
A. Yes.
Q. And did you have an opportunity also to read the written report that summarized her testimony as well, or her interview?
A. I wrote the report.
Q. Okay. So you -- do you recall her saying that her boyfriend, Mr. Toynton, was deaf and couldn't hear anything?
A. Deaf?
Q. Yes.

Do you recall her saying he couldn't hear, he was deaf, and that he tends to, say, give his opinion about things that he doesn't see or hear?

Do you recall any of that, coming from
Susan Freireich?
A. I don't recall her saying that he was deaf.

I do recall her saying something about him being hard of hearing, yeah.
Q. And do you recall her saying that he's quick to give his opinion about things that he -- of which he has no information?
A. I don't recall that.

Is this something \(I\) wrote in the report?
Q. I don't know if it's in your report, but I'm asking about the interview.
A. Okay.
Q. But you don't recall it on your own?
A. I don't.
Q. Okay. And when you interviewed Mr. Toynton
the next day, he gave his opinion in response to your question about what he heard, he actually didn't hear anything, he said (inaudible)?
A. Well, he didn't answer as to whether or not he heard anything.
Q. So you asked him what he heard and he gave his opinion about what -- the demonstrations and whether or not --
A. Yes.
Q. Okay. And did you ever follow up and say, But did you hear anything that was being said? A. I'm not sure. I don't recall.
Q. And, in fact, he told you that he could only hear voices, he couldn't make out specific words and phrases; isn't that correct?
A. Yes.

MS. KAZAROSIAN: If \(I\) could just have a moment, your Honor.

THE COURT: Okay.
(Pause.)
BY MS. KAZAROSIAN:
Q. When you spoke with Jayden Walker and Xavier Martin, did either of them indicate that Mr. Faisal had been threatening his -- to anyone else, other than himself?
A. No.

MS. KAZAROSIAN: I have no further questions.

THE COURT: All right. Thank you.
Thank you very much, sir.
THE WITNESS: Thank you.
(Witness excused.)
MS. SPIROS: Your Honor, we have one more witness for today.

THE COURT: Okay.
MS. SPIROS: It's Michael Schwartz.
THE COURT: All right. (Pause.)

THE CLERK: (Inaudible) raise your right hand.

Do you swear to tell the truth, the whole truth, and nothing but the truth, under the pains and penalties of perjury?

THE WITNESS: I do.
THE CLERK: Very good. MICHAEL SCHWARTZ, SWORN

THE WITNESS: Good afternoon, your Honor.
THE COURT: And, Detective, I'm sure you're aware there's a sequestration order, but in addition to that, because of the nature of
these proceedings, it's a closed hearing, so I'm going to ask you not to discuss your testimony with anybody else until this matter becomes a matter of public record, okay?

THE WITNESS: Understood.

THE COURT: All right. Thank you, Detective.

Attorney Spiros.

EXAMINATION

BY MS. SPIROS:
Q. Good afternoon, sir.
A. Good afternoon.
Q. Could you please introduce yourself to the Court, spelling both your first and last name for the record.
A. Yes.

Detective Michael Schwartz. M-I - -
Q. And -- sorry.
A. \(\quad M-I-C-H-A-E-I, \quad S-C-H-W-A-R-T-Z\).
Q. Apologies.

It's been a long day.
How are you employed?
A. I am employed by the City of Cambridge Police Department.
Q. And what is it that you do for the city of

Cambridge Police Department?
A. I am a detective for the Cambridge Police Department.
Q. How long have you been a detective for?
A. Since January of 2011.
Q. Do you have a specialty within detectives?
A. I do.
Q. And what is that?
A. I am a (indiscernible) detective working with young adults and juveniles involved in gun violence.
Q. How long have you done that work?
A. Five years.
Q. Prior to being a detective, what other roles did you hold for the Department?
A. Three years in patrol, about eight years on our traffic motorcycle unit, and ten years in our SRT, Special Response Team.
Q. Any other law enforcement or military
experience prior to Cambridge?
A. No.
Q. I want to ask you if, in the course of your
time with Cambridge, whether you've had
specialized training as it regards
investigations?
A. Yes.
Q. Can you briefly describe that for the court? A. Yeah.

Well, \(I\) went to the Lowell Police Academy to be on the job; and then, once \(I\) was in detectives, \(I\) 've been to multiple trainings, three or four homicide trainings, an officer-involved shooting training, several trauma-informed investigative technique trainings.

It's been a long list.
Q. And \(I\) want to draw your attention now to January 4 th of 2023.

Were you working on that date?
A. Yes.
Q. And in what capacity?
A. I was working in my (indiscernible) unit with my partner.
Q. And who is your partner?
A. Detective Michael Miceli.
Q. And that day, were you at the station or elsewhere?
A. We were just working.

I honestly don't remember exactly where \(I\)
was when \(I\) started.
Q. At some point did you hear a particular call or radio transmission that caught your attention? A. Yes.
Q. Can you describe that?
A. There was a call for what -- we could hear the call originally on the radio, and then what was the officer-involved shooting.
Q. Do you remember anything about the call when you first heard it?
A. I recall generally that they had been running after or chasing someone with a knife.
Q. And, as a result of hearing this, what did you do?
A. We immediately jumped in our cruiser and made our way down to Chestnut Street.
Q. And when you say you're working in this particular specialty unit, are you wearing a uniform or Cambridge police gear?
A. We're in plainclothes.
Q. Plainclothes.
A. Yup.
Q. Badge on?
A. Yes.
Q. Unmarked cruiser or marked?
A. Unmarked.
Q. And so you -- do you go straight to a particular area?
A. We parked on Sidney Street just before Chestnut Street.
Q. And what do you observe when you first get there?
A. A lot of officers on scene, a bit chaotic.

We had actually met up with Detective Betz
(phonetic), one of our juvenile detectives; and, once we got onto Chestnut Street, we were directed by Detective Lieutenant Brown and Detective Sergeant Taylor on some things they needed us to do.
Q. Okay. And so when you got to Chestnut Street, did you go to a particular home or a location or did you just speak with the supervisors, at that point?
A. We were kind of at the front end of the driveway to where the incident took place.
Q. At 59 Chestnut Street?
A. Yes.
Q. And so at that point, what was the particular task they gave you first?
A. We were tasked with canvassing Chestnut Street and the surrounding areas to include Fort

Washington Place, to see if any witnesses had heard anything, seen anything, or had any videos.
Q. And so, investigatively, can you describe what a canvass is and kind of what the purpose of it is?
A. Yup. Again, it's to try to find any witnesses, people that may have seen something, heard something, gather information if there's any video that exists on homes, businesses, cell phones, so we'll just go door to door and knock and if we get a response, we'll have a conversation.

Based on the conversation, if there's need for a further investigation, we might reach back out to the sergeant or a supervisor and the lead investigator in the case.
Q. And particularly when you do a canvass of this nature, does this mean you're literally knocking on people's doors?
A. Yes.
Q. Seeing who was home; who wasn't home?
A. Correct.
Q. And where did you -- can you talk a little bit about just -- and, briefly, just kind of
where you went and how you did this.
A. Yup.

So we walked Chestnut Street, starting just after 59 at the daycare preschool, worked our way westbound on Chestnut to Brookline, the first three corner homes there on Brookline, if you take a right towards putnam.

Then we came back on the other side of Chestnut; worked our way back to Sidney street.

At that point they had -- the supervisors had pointed out that they had seen a camera on Fort Washington Place, so we jumped ahead to Fort Washington Place to the townhomes there.

Once we finished Fort Washington Place, we made our way back out onto sidney street, working from Putnam down to Chestnut Street.
Q. And \(I\) just want to focus on a couple of these particular pieces of the canvass that you did.

And you've just mentioned Fort Washington Place, and at No. 12, did you speak with parties Brian Chan (phonetic) and Sarah James (phonetic)? A. Yes.
Q. And do you recall what they were able to tell you?
A. I believe James heard one bang and that he
had heard maybe four to five, but they had not seen anything. They just heard the bangs.
Q. Um-hum. And drawing your attention to No. 10 and Eva Reicheart (phonetic), did she - was she able to tell you that she saw a little bit more? A. Yes.

So while we were at 12 , the resident of ten was there as well.

She had been a little freaked out and had gone next-door just to be with people.

In her residence at ten, she heard the commotion; and, when she looked out the back window, she could see the officers.

At some point their guns were drawn. She could hear a lot of yelling; she realized what was about to happen, so she turned away.

The bangs rang out, and by the time she looked back, the victim was already on the ground and bleeding.
Q. And so just to -- for a frame of reference, these townhomes on Fort Washington Place, some of them abut chestnut street and the yard where this happened; is that right?
A. Correct.
Q. Okay. And so then jumping ahead to No. 2 - -
and hopefully \(I\) don't say his name wrong -- Ryan Taliaferro?
A. Yes.
Q. You spoke with him as well?
A. Yes.
Q. And he also -- he saw a little bit more; is that correct?
A. Correct, yes.
Q. What do you remember him telling you that he saw?
A. So he was home.

He heard the bangs.
He knew there had been construction in the area, so his immediate reaction was to kind of just run to the front of the house.

And then he realized that wasn't what it was, so he ran to the back of the house, and by the time he got to the back window, he saw the officers trying to render aid.

The suspect had already been...
Q. And then \(I\) want to jump ahead.

Did you speak with a woman at 254 Sidney Street at No. 1, a Chenise Jones (phonetic)?
A. Yes.
Q. Do you know her?
A. I do now.
Q. Okay. Did you speak with her that day?
A. Yes.
Q. And did she provide you with some information that two of her sons actually saw a part of this incident?
A. Yes.
Q. And that would have been the two juveniles that called 911?
A. Yes.
Q. Okay. Did you indicate to her that you -someone would want to do a follow-up interview with her, with those juveniles?
A. I did.
Q. Okay. And so, aside from the canvass that night, what else, if anything, were you involved in that evening, of the 4 th?
A. That evening, just a debrief later on back at CPD headquarters.
Q. And that debrief was to hand out additional follow-ups in the investigation; is that right?
A. Yes.
Q. And \(I\) want to focus on one other piece of the follow-ups that you did, sir, in this case.

Did you conduct some, or attempt to
conduct, some follow-ups with fire and EMTs?
A. I did.
Q. And, particularly with the fire department, did you attempt to speak with two members of Cambridge fire?
A. I did.
Q. Did they speak with you?
A. One, yes; the other, no.
Q. And in terms of the EMTs, this was Pro EMS, correct?
A. Yes.
Q. Did you learn that night or in the follow-up, in the course of the follow-up, that Pro EMS actually had cameras in the ambulance?
A. I did.
Q. Were you aware of that before?
A. I was.
Q. And did you obtain a recording of the -- the person involved in this incident in the ambulance that night?
A. Yes.
Q. And did you provide a copy of that to the District Attorney's Office?
A. I did.
Q. Were you able to speak with an EMT, who had
been on this call, named Gianna Conserva?
A. Yes.
Q. And do you recall interviewing her about what she remembered seeing and hearing?
A. Yes.
Q. Can you tell the court a little bit about what she saw and heard?
A. Yup.

So myself and Trooper Sullivan went up to Pro EMS the following day. I believe it was the 5th.

We sat down with several EMTs, to include Gianna Conserva.

She stated that she was an EMT driving that day with her partner.

They heard a call; they realized -- I think she kind of put it, that her other company working had been busy, so they tried to give them a break, they jumped the call.

They posted up nearby. When they heard the call for shots fired, they got on their tactical gear, and then they proceeded up Sidney -- down Sidney Street to Chestnut Street where they were directed into the rear of 59.

As she stated it was kind of a chaotic
scene; a lot of yelling. She recalled them being on a -- that the victim had been put on, like, a blanket, which they later found out was taken from their vehicle.

Several officers were providing aid in specific locations.

She recalls the chest -- like, a chest seal being on.

There were several tourniquets on.
She talked about when she was assisting as best she could, he kind of looked up at her with an eerie smile that she said just felt very out of place and took her back -- took her aback.

At some point they were -- they realized it was just time to go.

They got him up onto the stretcher; backed down the driveway, into the ambulance where one of the firefighters, DeGrace (phonetic), I believe, and then another paramedic, Megan Mae (phonetic), jumped in.

Once they were loaded up, she drove with a police escort to the hospital.
Q. And that was to MGH?
A. Yes, sorry.

MS. SPIROS: May have a moment, please,
your Honor?
I have nothing further for this witness.
THE COURT: Thank you.
Attorney Anderson?
MR. ANDERSON: I have no questions.
THE COURT: All right. Attorney
Kazarosian?
MS. KAZAROSIAN: Thank you, your Honor.
I just need a moment to get (inaudible).
(Pause.)
MS. KAZAROSIAN: If I could just take one moment, your Honor.

I lost my place.

\section*{EXAMINATION}

BY MS. KAZAROSIAN:
Q. Officer Schwartz, good afternoon.
A. Good afternoon.
Q. I'm Marsha Kazarosian, and I represent Mr. Faisal's family.
A. Nice to meet you.
Q. You talked about speaking with Eva Weichert -- Reicheart?
A. Yes.
Q. And she had said she saw officers in the backyard, one of them raising his weapon; is that
correct?
A. I believe that's how it was written, yes.
Q. And she said in a moment of fear, I turned as the bangs rang out?
A. Yes.
Q. So she didn't actually see the shots?
A. Correct.
Q. And did you ask her how long between when she saw the officers and when she turned that she heard the bangs ring out?
A. It was immediate. After they stopped, she turned back.
Q. But when did she -- my question is -- so, all right.

As soon as she heard the shots, she turned back and looked.

When she saw the officers, and before she turned away, did you ask how long it was before she decided to avert her eyes?
A. She -- she intimated that it was just moments.

She realized at one point after the yelling that she heard, she just got scared; she turned, they rang out.

And then, once that finished, she looked
right back.
Q. And she looked outside because of the commotion; is that correct?
A. Yes.
Q. And she said officers plural in the backyard.

Did you ask her how many she saw?
A. I did, but she couldn't remember.
Q. You -- you said you responded to a call at 1:30.

And when you say you responded, does that mean when you arrived or when you started to head over?
A. I would have to look back at the CAD notes to know the exact times.
Q. If you write down at approximately 1:30, Detective Miceli and I responded to the area of -- do you mean headed out when you say "responded," or do you mean that's when we got there, when you write it down?
A. So that could be either.
Q. Okay. Okay. All right.

When you got there, do you recall
approximately how many officers or medical people were on the scene?
A. Oh, at least a dozen.
Q. Okay.

MS. KAZAROSIAN: I have no further questions.

THE COURT: All right. Thank you.
All right. Thank you.
THE WITNESS: Thank you, your Honor.
(Witness excused.)
MS. SPIROS: Thank you.
I apologize, your Honor.
That's my last witness for the day.
THE COURT: That's okay. We're making good time, not that \(I\) want to rush anybody, I just didn't want to -- but --

MS. SPIROS: I did send out an updated list, and I'm happy to quickly go over that.

THE COURT: I -- I just looked at it, yeah.

MS. SPIROS: Great.
THE COURT: And so it looks like we're on track to finish all but the last two, which would be the ME and the other --

MS. SPIROS: Detective Lieutenant william Donoghue, yes.

THE COURT: Detective -- yeah. On --
MS. SPIROS: The State Police commander.

THE COURT: On Thursday, okay.
MS. SPIROS: Um-hum.
THE COURT: All right. And before we adjourn for the day, anybody want to -- need to address anything?

MS. SPIROS: No.
Perhaps we could take some time tomorrow to address the issue related to pleadings and summations.

THE COURT: Yeah.
I've been thinking about that, and I'll give everybody the opportunity.

I -- I also was -- during lunch was looking at the inquest standards again.

And \(I\) note sometimes they take pleadings at the end; sometimes they give summations at the end.

I don't think \(I\) need it.
Obviously, it's -- it's, you know, your role is a lot different than any role you've taken on as a DA because you're just presenting the evidence.

My role is different as a judge because I'm actually the one in charge of the proceedings.

But \(I\) won't rule on anything until \(I\) hear from everybody on Thursday.

And \(I\) don't know if \(I\) need a -- I don't -- I made up my mind on arguments. I don't need arguments.

If anybody wants to submit something, we'll address that -- written submissions -- at the close of all the testimony and the evidence on Thursday.

But \(I\) don't think \(I\) need to hear any arguments, because, obviously, there is no argument because it's not an adversarial proceeding.

So we take up the issue of whether or not anybody wants to submit certain -- and \(I\) know, Attorney Anderson, you wanted to submit that -the case law on use of force and all that, but we can -- we can address that on --

MR. ANDERSON: I can submit that.
And I would ask the Court if I could make a summation.

I know you may not need it, but I just feel like -- \(I\) mean, this is the fifth inquest I've done.

THE COURT: No, I know.

MR. ANDERSON: The other four I have had the opportunity to do that.

THE COURT: I think \(I\) was involved with one of the --

MR. ANDERSON: No, I know.
THE COURT: -- (indiscernible).
We'll see, all right?
MR. ANDERSON: Okay.
THE COURT: Okay? I'll put it that way.
It's -- we'll see.
MR. ANDERSON: I mean, \(I\) won't be long, but --

THE COURT: No, I know, I know.
MR. ANDERSON: -- I do have a client here --

THE COURT: And the reason --
MR. ANDERSON: -- that \(I^{\prime} m\) representing.
THE COURT: -- the reason for my -- my rule on that is because once -- once we get into argument, like \(I\) said, it becomes now we have roles.

And the role of the DA is no different than the role of you and the role of you, Attorney Kazarosian.

I get the evidence you want to submit --
are you okay, Deb?
UNIDENTIEIED SPEAKER: Okay.
THE COURT: Any evidence that is
submitted by counsel at the discretion of the judge, I want to hear from them.

I know there's been some -- testimony or evidence that \(I\) don't think is relevant to me.

And, again, that's -- that's my role.
And like \(I\) said, it's a lot different than, you know, a normal, everyday role as a judge, but that's the nature of these inquests, so --

MS. KAZAROSIAN: Can \(I\) ask a question? THE COURT: Sure.

MS. KAZAROSIAN: And would you consider the possibility, I'm not even sure, I'm not saying \(I\) want to do it or not --

THE COURT: Yup.
MS. KAZAROSIAN: -- but there's been so much information --

THE COURT: Yup.
MS. KAZAROSIAN: -- that's been presented in all these discovery notices.

THE COURT: Yup.
MS. KAZAROSIAN: And \(I\) think -- and \(I\)--
to be fair, a lot of it has to do with stuff that happened after the incident, which my understanding is the inquest focuses on the incident; what the officers did --

THE COURT: The Incident, yes.
MS. KAZAROSIAN: -- but there -- in some of the witnesses who gave statements, (inaudible), if there is something that any of us may want to specifically point out to you that may not have been marked as exhibit but it is in evidence --

THE COURT: Yeah.

MS. KAZAROSIAN: -- that we think may be important, that's --

THE COURT: It -- it may not be marked as -- but it is all in evidence.

MS. KAZAROSIAN: Yes.
THE COURT: And \(I\) know, you know -- and just so everybody knows, I went through everything before we started this -- this proceeding.

The DA's Office was kind enough to actually not make me open up a share file (inaudible) --

MS. KAZAROSIAN: That's no fun.

THE COURT: Yeah, that's no fun.

So \(I\) was actually able to read everything.

I looked at all the photographs and all the videos.

I -- I put some, not homework, but just prework into this, just so \(I\) know -- because that would assist me as I'm hearing it.

But if there's something that you feel that wasn't highlighted, \(I\) guess, during the course of the testimony portion of this inquest -- and, again, all the evidence is part of the inquest -- but if you want on Thursday after we get through, or if you want to just submit something that, you know, I'd just draw your attention to Discovery Notice 3, you know, page -- that's -- that's fine. That's -that's -- that's fine, okay?

All right. Anything else?
All right. So I'll see everybody here at nine.

MS. SPIROS: Thank you.

THE COURT: All right. Thank you.

MS. KAZAROSIAN: Thanks, your Honor.

THE COURT OFFICER: All rise.

MR. ANDERSON: Can you just hold Exhibit 39 for one second?

MS. KAZAROSIAN: Sure.
MR. ANDERSON: I just wanted to take a peek at it. That was the second-to-last one?

THE COURT: (Inaudible.)
MS. KAZAROSIAN: (Inaudible.)
(At 3:04 p.m. court adjourned.)
